Serving Clients

The Firm at a Glance

A local tax consultancy built around clarity, documentation, and practical compliance support.

Our Purpose

Simplify tax and compliance requirements through clear guidance.

Our Approach

Understand requirements first, identify processes, and guide step-by-step.

Client Promise

Clear communication, organised documentation, and professional follow-through.

Tax Consultancy: The Client Journey

A structured six-step workflow from the first question to compliance completion.

01

Understand

Identify profile and exact requirement.

02

Assess

Determine applicable returns and process.

03

Document

Organise required supporting papers.

04

Prepare

Structure returns and applications.

05

Verify

Review details prior to submission.

06

Follow Through

Maintain records and compliance cues.

Core Professional Services

A broad service portfolio presented across specialized practice areas.

Income Tax & ITR

Return filing support and documentation for individuals and businesses.

GST Compliance

New registrations, periodic return filing, and data reconciliation support.

Accounting Support

Bookkeeping, financial statements, and ongoing accounting assistance.

Business Registrations

Udyam, Shop Act, FSSAI, IEC, and other mandatory registrations.

TDS / TCS & Audits

Challan checks, return corrections, and audit support documentation.

CMA & Net-Worth Reports

Structured financial reports for banking, funding, and visa requirements.

Income Tax & ITR Practice

Turn annual filing into a structured checklist with complete review and verification.

Salaried Individuals

Annual return support and document review checklist.

Self-Employed

Business and professional income return support.

Data & Verification

Form 16, AIS/TIS checks, deductions, and final verification.

GST Practice: Registration to Compliance

For businesses, GST is recurring; continuity, data organization, and reconciliation matter.

Registration Setup

Seamless GST registration process and supporting document checks.

Return Filing & Data

Periodic return preparation and sales/purchase data organization.

Reconciliation

Review differences and documentation gaps to ensure compliance.

Business Compliance Lifecycle

Different business stages require tailored documentation and compliance attention.

STAGE 01

Start

Set up applicable registrations and basic records.

STAGE 02

Operate

Maintain accounting, GST, TDS, and recurring filings.

STAGE 03

Grow

Prepare CMA and project reports for funding needs.

STAGE 04

Review

Reconcile records and support audit requirements.

Who We Support

Designed around real client situations rather than generic packages.

Salaried Professionals

ITR filing, tax guidance, and document support.

Traders & Retailers

GST compliance and recurring business accounting assistance.

MSMEs & Startups

Registrations, tax filings, and financial reports.

Self-Employed

Income tax and compliance aligned with professional activity.

Companies

Corporate tax, GST, accounting, and compliance support.

Trusts & Organisations

Tax, audit support, and specialized documentation.

Professional Credentials

Led by experienced practitioners with certified domain expertise.

Rudra Pawle

Founder & Senior Tax Consultant
